SAME COUPLE WEDDED TWICE.

First Marriage Was "Merely a
License to Live Together
One Year."

FRIEND FOUND OUT FACTS.

Certificate Was Given in the Mexican
Language Which Neither of
Them Could Read.

THOUGHT THEY WERE MARRIED

On Discovering They Were Not They
Were Re-Wedded in Salt Lake To-
day Shortly After Arriving.

Ignorance of the Mexican language and marriage laws is the direct cause of a second marriage ceremony being performed between F. W. Underwood of Kalamazoo, Mich., and Mrs. Dora A. Fletcher of San Diego, Cal., within one year. Less than a year ago they were presumably married in Mexico and were given a certificate by the priest who performed the ceremony which was written in the Mexican language. Neither one could read the certificate so they were ignorant as to its contents until a short time ago when a friend interpreted the certificate and then explained the customs of the Mexican people in relation to marriage.

It developed that the certificate was merely a license to live together for one year, after which time they could go before a priest and renew their vows. If they so desired and then be married all time. Mr. Underwood and his wife have been living together ever since the ceremony in Mexico and never dreamed that they were married for all time until they were informed of the contents of their certificate a short time ago. Upon consulting an attorney in this city, who is a friend of Mr. Underwood's, they were advised to be re-married. They accordingly called at the county clerk's office this morning and secured a license and were married by Deputy County Clerk David A. Smith before lunch of the day. They were given a marriage certificate written in the English language and hence are now sure that they are legally wedded for good.

Gold While Fast Asleep.

(Special to the "News.")

Gardenson came to town from the cut-off and met a companion whom he cut-off to room with him. While the latter was asleep his friend suddenly awoke, took the money and made good his escape. The police are in hot pursuit.

On the cut-off, who is employed at the mine, is mourning the loss of a gold-filled watch, which was stolen from his room at the Central hotel last night.

J. J. Shepard, who was arrested on the charge of making a gun jump on C. A. Scott, reported before Judge Howell this morning and entered a plea of not guilty to the charge, after which he was taken to the county jail to await trial.

The young man said he met the lady on South Temple street and she told him of the robbery. She said she was coming up Second East and when suddenly a man confronted her and when she turned to see who he was, she was seized by the arm and the fellow then fled through the block. The hold up is described as being about five feet six inches tall and wore a brown overcoat and a stiff hat.

LECTURE ON RUSSIA.

Rabbi Reynolds Greeted by Large
Audience in Eighteenth Ward.

Rabbi Reynolds of the Jewish Synagogue delivered a lengthy and interesting lecture on Russia in the Eighteenth ward meetinghouse last night under the auspices of the Mutual Improvement association. The congregation was a large and thoroughly appreciative one, packing the handsome chapel to the very doors. An excellent musical program was rendered as well and Dr. Reynolds declared that he had never before heard "America" so splendidly sung as it was by the ward choir.

Rabbi Reynolds said he came as a representative of ancient Zion to speak unto those who were representatives of modern Zion and he trusted that he would have their sympathy and attention during the delivery of his lecture. Certainly his hope was gratified for his audience were in close harmony with him during the whole of the evening. He dilated at length upon the greatness of the Russian empire, the many people of diverse interests and languages that comprised it, the despotism of the government, the tyranny of a powerful priesthood, the absence of education among the masses, the awful punishments inflicted upon prisoners, particularly those of political offending, and many other things that shock and horrify.

Owing to the lack of time the doctor was unable to reach the conditions of today or even refer to the struggle with Japan. On that account there were not a few who expressed themselves as desirous of hearing him further and it may be that he will be asked to deliver another lecture in the Eighteenth ward chapel in the near future.

POLITICAL STRAWS.

The Republican members of the city council, T. R. Black, excepted, met in caucus yesterday afternoon at A. J. Davis' office and agreed upon a plan of dividing the patronage in the various city offices. This plan is an equal division between the two parties, the Republican members to elect their representation, and the mayor and heads of departments to agree upon the Democrats.

Carl O. Lilleblad, chairman of the Republican precinct committee of Union, has announced himself as a delegate to the national convention. Mr. Lilleblad declared further that he has no factional affiliation.

James H. Wallis of Rexburg, Ida., who has just returned from Washington, gave an interview at Ogden yesterday in which he declared that both Senators Beveridge and Foraker of the Smoot investigation committee have stated that they must have more conclusive evidence than that already presented before they will vote for the unseating of Senator Smoot. The belief that the senator will retain his seat is growing stronger each day, locally and in the nation.

STEEL COMPANY ENJOINED.

Forever Forbidden to Make a
Nuisance of Itself.

Philadelphia, March 28.—The state supreme court today directed that an injunction be issued enjoining the Jones and Laughlin Steel company of Pittsburgh from such operation of its furnaces located in the Fourteenth ward of the Pittsburgh as to produce clouds of ore dust that would injure surrounding property. The company's property reprobation must be canceled, but it cannot so operate its furnaces as to actually destroy homes and other property in a residential section of the city.

The court stood four to three, the chief justice joining in the dissenting opinion.

AMERICAN OFFICERS.

Will Leave St. Petersburg for
Front April 1.

St. Petersburg, March 28.—Capt. William V. Judson, of the engineering corps, U. S. A., who is to accompany the Russian army during hostilities, and Lieut. Newton A. McCully, the United States naval attaché to the Russian navy, probably will leave for the front April 1. United States Ambassador McCormick will present them to Foreign Minister Lamsdorff, March 30. Capt. Judson and Lieut. McCully have been well received by the authorities and are being shown every courtesy and attention by the military and naval staffs.

La Morra Lifeboat Picked Up.

Marshallfield, Or., March 28.—The steamer Alliance, which arrived here today, reports picking up a lifeboat belonging to the British ship La Morra of Greenock. When the Alliance sighted the lifeboat it was 15 miles south by west, one quarter west of Cape Lookout. The boat was upside down and a small piece of her gunwale seen. There was also a large hole in her bottom near the beam. There was no sign of life in the boat.

Major J. B. Hossford Dead.

Helena, Mont., March 28.—Maj. James B. Hossford, for 29 years connected with the office of the supervising architect of the treasury department, and for two years a resident here, died of Bright's disease. He was 57 years of age. The body will be taken to Geneseo, Ill.

LOWLANDS DEPOPULATED.

Princeton, Ind., March 28.—White and Wabash rivers continue to rise an inch an hour. Both rivers are now near the high mark of 1899. All lowlands are depopulated. Much suffering is reported.

WORSER AT SAGINAW.

Saginaw, Mich., March 28.—Flood conditions in Saginaw and vicinity are worse than ever today. The water has gone far beyond any previous flood record. Nearly all the business houses are closed and the big dry goods firms are working today to save their valuable stocks.

ICE GORGES AT PLATTSBURG.

Plattsburg, N. Y., March 28.—The ice gorges and floods are causing considerable damage in this county. At Champlain the Chazy river rose 10 feet in many minutes, flooding all the stores, hotels and many residences. Merchants had no time to remove goods from their cellars. The water has reached the highest mark in 18 years. At Caydville an iron bridge was carried away by the ice. Dynamite was used in an attempt to break the ice jams in this city but with very little success.

IN MOHAWK VALLEY.

Utica, N. Y., March 28.—Although flood conditions are very much better in the Mohawk valley high water is still causing the railroads much trouble. At St. Johnsville and Fort Plain, where great piles of ice cover the tracks, dynamite is being used.

The Detroit Leaves Colon.

Colon, March 28.—The United States cruiser Detroit sailed and left Colon yesterday for San Domingo.

The cruiser Montgomery is coaling and is considered likely that she also will go to San Domingo.

Port Arthur to Have an Immense Dock

Its Construction Ordered, and to be Completed in Four Months—Russian Troops to Have Gray Uniforms Instead of White—Japanese Claim to Have Sunk Four Steamers at Mouth of Port Arthur Harbor.

St. Petersburg, March 28.—The government is ordering the construction of an immense dock for Port Arthur, to be completed in four months.

St. Petersburg, March 28.—In order that the Russian troops shall not present a bright target for the enemy an order has been issued by the ministry of war directing that gray instead of white shall be the color of the uniform during the summer season.

Tokio, Monday, March 28, 4 p. m.—A telegram received from Newchang this afternoon says that at 3 o'clock yesterday morning the Japanese succeeded in sinking four steamers at the mouth of Port Arthur harbor. A flotilla of destroyers convoyed the merchantmen, which were subsequently sunk, and rescued the volunteer crews. Later the Japanese battleships bombarded the town and its defenses.

PEABODY WILL DEFEND THE FLAG.

He Will Relentlessly Prosecute
Moyer and Haywood for
Desecrating It.

MILITARY DEPORT MORE MINERS

Warned Them Never to Return to
Telluride—Special Counsel Sent to
Defend Union Leaders.

Denver, March 28.—Special counsel have been sent to Telluride from this city who will take charge of the case of Charles H. Moyer, president of the Western Federation of Miners, who is held in jail on a charge of desecrating the flag. Gov. Peabody has declared that both President Moyer and William D. Haywood, secretary of the Western Federation of Miners, will be prosecuted to the utmost limit on the flag desecration charge, which is based on the use of a picture of the flag as a background for various announcements on posters over their signatures. Haywood has not yet been arrested.

Of 12 deported Telluride miners who attempted to return to their homes under protection of the injunction issued by Dist. Judge Theron Stevens, four at least have again been deported by the military and warned never to return. Another, Stewart B. Forbes, secretary of the Telluride Miners' union, has been arrested on a charge of perjury. It is alleged that he is an English subject and voted at elections in Telluride without filing a certificate of citizenship.

No news has reached Denver of any further deportations of organizers of the United Mine Workers from the southern coal fields since last Saturday night, but the strict press censorship exercised at points that are under martial law makes it difficult to obtain accurate information promptly.

"I do not know why we were made to leave Las Animas county," said William M. Ward, one of the deported union organizers. "We have done nothing wrong of the law, but the military authorities probably thought that by sending us out they would be better able to break the strike. What our future movements will be, I do not know. We will await instructions from President Mitchell."

A censored telephone message received from Telluride at noon today said that all deported miners who had attempted to return had been turned back by the military except Stewart B. Forbes who was arrested. This information is a flat contradiction of the statement made by the governor on Saturday night.

AT GRAND RAPIDS.

Grand Rapids, Mich., March 28.—Although the water in the Grand river above this city has receded somewhat, it remains stationary here and residents are still suffering great privations. The city is in total darkness last night, but the work of rescue was continued all night and hundreds of persons, hungry and shivering with cold, were taken to places of refuge. The work of taking people from submerged residences was undertaken often at great personal risk to the rescuers. Two persons are missing, and probably have lost their lives in trying to reach places of safety. Schoolhouses and churches have been transformed into relief stations and every charitable organization in the city is busy caring for the homeless. The relief fund is sufficient only to cover the bare necessities. It is estimated today that 2,500 houses are now surrounded by water in some places 12 feet deep. The loss in the business section will reach several millions.

TRACKS UNDER WATER.

Detroit, March 28.—Traffic on the Grand Trunk railroad between Windsor and London is practically suspended as the result of a washout caused by the Thames river overflowing. The tracks for several miles are under water and no trains have been able to get through since Saturday evening.

WATER INVADDES HOUSES.

Indianapolis, March 28.—White river which last night overflowed west of Indianapolis and covered the first floors of 1,500 houses, receded rapidly today. The crest of the Wabash river flood has passed Terre Haute and is above Sullivan, where the waters are still rising. The bare necessities. It is estimated today that 2,500 houses are now surrounded by water in some places 12 feet deep. The loss in the business section will reach several millions.

VIENNESE, ON THE LOWER WABASH.

The leaves have given way and all bridges across the river are closed. The crest of the flood is expected to reach there tomorrow when all records, it is believed, will be broken.

RIVER IS SIX MILES WIDE.

Rescuers Work at Personal Risk in
Grand Rapids—Heavy Floods
In Indiana.

Poplar Bluff, Mo., March 28.—Owing to a rapid rise in the Black river, part of this town of 5,000 population is under from two to ten feet of water, and many persons have been forced to abandon their homes. At Williamsville, north of here, most of the 500 inhabitants have been compelled to leave their homes. The river is six miles wide. Thousands of acres of bottom lands used for pasturing stock are under water, and the loss to stock and other interests will be heavy.

Gen. Stoessel Forbids Civilian Functionaries to Leave Port During Bombardments.

St. Petersburg, March 28, 4:55 p. m.—Large crowds gathered before the bulletin boards to read the official accounts of the second unsuccessful attempt of the Japanese to bottle up the Russian fleet at Port Arthur. Lieut. Krinkitz's heroic attack upon the enemy's warships and torpedo boats and the action of the three Russian officers in boarding the burning steamers, extinguishing the flames and cutting the wires connecting with the infernal machines, evoked enthusiasm, while the utmost universal excitement applied to Vice Admiral Makaroff as the people turned away, was "Molodets," which might literally be translated "He's a dandy."

The action of the Japanese in making use of infernal machines has aroused indignation.

No further details have been received except that the injury to the torpedo boat destroyer Siliin from grounding is slight and that it can easily be repaired.

The Associated Press has received confirmation of the report that Admiral Makaroff during his reconnaissance of the Elliott islands captured a Japanese vessel, a small steamer, not a gunboat. The crews were taken off after both vessels were sunk.

ORDER TO CIVILIANS.

St. Petersburg, March 28.—Lieut.-Gen. Stoessel, in command at Port Arthur, has issued an order forbidding civilian functionaries to desert from their posts, and seek places of safety during bombardments. Gen. Stoessel sarcastically observes that he has not seen them at the batteries when the enemy was attacking.

NEWCHWANG UNDER MARTIAL LAW.

Newchwang, March 28.—The civil administrator late yesterday evening notified all the foreign consuls and residents of Viceroy Alexieff's order placing the city and port of Newchwang under martial law, explaining that it had been so ordered for the purpose of safeguarding the commercial interests of the port.

Pending the publication of the full text of Viceroy Alexieff's order the following regulations are ordered to be immediately operative:

"First—The entire territory of the city and port, also all persons, without distinction of jurisdiction and nationality, resident in said territory are subjected to special regulations regarding a state of war.

"Second—All travelers arriving by sea and all cargoes entering port are to be inspected both by naval officers and customs officials.

"Third—The importation of arms and ammunition is forbidden.

"Fourth—The exportation of contraband of war is forbidden.

"Fifth—Persons desiring to export contraband goods are required to deposit a sum equivalent to the value of the cargo. This deposit is to serve as a guarantee that the cargo is not to be forwarded from neutral ports either to Japan or Korea.

"Sixth—The functions of the lightship and harbor guides in the river Liao are suspended.

"Seventh—Contraband of war is to consist of such articles as are mentioned in the decree issued by the czar Feb. 23 defining contraband of war."

A list of contraband goods then follows. This list includes beans and bean cakes and other foodstuffs. The interference with this trade here, together with the operation of article five referred to above will stop Newchwang's trade.

Five ships which arrived outside today and others due, will be unable to ship cargoes.

The opinion of leading foreign residents and officials is that although the rights of neutrals remain unaltered by treaty, Russia assumes the power to annul these rights, also consular jurisdiction and extrajudicial rendering the positions of foreign consuls untenable.

In some quarters the order is regarded as an apparent challenge to neutral powers, especially to China, on account of the appropriation of her territory, and that it renders the United States gunboat Helena and the British cruiser Espiegle liable to an order to leave port.

The consuls will await instructions from their respective governments in

Money Order Treaty With Cuba.

Washington, March 28.—A money order treaty between this government and Cuba was agreed upon at a conference today between Acting Postmaster-General Wynne and Minister Pineda of Cuba. It is modeled on the existing money order treaties with Canada, Newfoundland and the Philippine Islands and practically gives the domestic service of this country to Cuba. The basis of the settlement of these accounts between the two countries will be the paid orders themselves, instead of the more complicated system in force with other countries.

CHILIAN BATTLESHIPS.

Arrangements Are Being Made to
Sell Them and Cruisers.

Santiago, Chili, March 28.—Arrangements are being made for Chili to sell the battleship Capitán Prat, the armored cruiser Esmeralda and the cruiser Chacabuco, and for Argentina to sell the armored cruisers Garibaldi and Pueyrredon. Senior Terry, the minister of Argentina, leaves here today for Buenos Aires to arrange the matter. The sale is realized by the sale of these warships will be donated to adding two powerful ships to the navies of Chili and Argentina.

A dispatch from Santiago, March 28, said that a representative of Charles R. Flint announced that the Chilean warships Capitán Prat and Chacabuco had been bought but that a guarantee had been given that they should not be sold to any belligerent power. The sale, it was added, must be approved by congress.

CONSULS AT NEWCHWANG.

Newchwang, March 28.—The foreign consuls had a conference with the civil administrator today. The latter informed them that the full intention of Russia's order of yesterday was to proclaim martial law and also annul consular jurisdiction, and that the same already was annulled.

The British consul interpreted the order as not declaring martial law. The other consuls were unable yesterday to comprehend Russia's intention.

The administrator agrees with the consuls to suspend a rigid enforcement of said order until the foreign governments act in order to lessen the complications.

The Americans here call attention to the apparent defeat of American aims regarding placing consuls in Manchuria by the execution of Russia's order.

American and British flags were today removed by the Russian military from the property of citizens of American or British nationality.

HE MAY LOSE HIS SENATORSHIP.

Lawyers Close to Gov. Bailey Regard
His Conviction as an Immediate
Vacation of His Seat in Senate.

SENATOR BURTON FOUND GUILTY.

Jury Deliberated Forty-One Hours
Before It Arrived at a
Verdict.

MOTION FOR A NEW TRIAL MADE

Judge Adams Ordered Defendant to
Appear in Court From Day to
Day at 10 o'clock.

ST. LOUIS, MARCH 28.—

Joseph Ralph Burton, United States senator from Kansas, was convicted by a jury in the United States district court today on the charge of having accepted compensation to protect the interests of the Rialto Grain & Security company of St. Louis before the postoffice department. The jury deliberated 41 hours.

A motion for a new trial was immediately filed by the counsel for the senator. Judge Adams thereupon ordered that Senator Burton appear in court either in person or by proxy at 10 o'clock from day to day until the jury has heard the argument for a new trial, and if decided against him to fix his punishment.

For a time the jury threatened to be a disagreement in the jury. The jury was brought before Judge Adams, who asked the cause of the delay. He was told that 11 jurors had agreed but the twelfth stood alone. The court admonished the lone juror that the expense of a new trial should not be incurred because of him waiting to agree with the majority of the jurors. A precedent was quoted showing that the majority of the jurors should decide the case before a verdict and a verdict be rendered accordingly. The jury was then told to poll its vote once more. Soon after the jury reported, bringing in a verdict, but Judge Adams found that the third count in the indictment had not been proved, and again he sent the jury back to consider the case without having announced the verdict returned.

The third time the jury entered the court room the result of its deliberations was announced, and United States Senator Burton stood convicted on the charges brought against him in the indictment.

SENATOR BURTON SENT FOR.

Kansas City, Mo., March 28.—A star special says:

At the time that word was received by the court that the jury was agreed and was ready with a verdict, Senator Burton had gone to the Southern hotel. A marshal was sent to notify him to appear in court. The senator came in to the room at 10 minutes after 12 o'clock. He had been sent for an hour before and the long delay caused a rumor that he had collapsed. Few people were in the court room when he entered. He took a seat by the side of his attorney, Mr. Lehmann, and looked the jurors in the face as they entered.

Have you reached a "verdict in the case?" asked Judge Adams.

"We have," said the foreman.

"And it is to the clerk," said the court.

Judge Adams looked at the verdict and said: "You have made no disposition of count three."

"We have agreed as to that," said Mr. Charles Wall, the foreman.

The judge instructed the jurors to retire and include the findings as to count three in the written verdict.

During the 15 minutes the jury was out not a word was spoken in the court room. A funeral service could not have been more solemn. The jury returned at 12:30. Senator Burton was present at this time. Senator Burton sat unmoving, looking neither to the right nor the left. The jury returned again at 12:30.

"We, the jury, find the defendant guilty on counts one, two, six, eight and nine in the indictments, and not guilty on count three."

There was no perceptible change in the Senator Burton's countenance when the verdict was read. Judge Krum asked to have the jury polled. Each answered that the verdict was his own. Judge Krum forthwith presented a motion for a new trial. The court reported that the verdict of \$5,000 was entirely sufficient.

The court did not pass sentence.

The court having adjourned, Senator Burton calmly lighted a cigar and turning to his attorneys and his private secretary, Col. W. N. Smith, began a conversation in a low tone. He appeared completely composed.

"If this verdict is sustained Senator Burton will lose his seat in the senate and forever be prohibited from holding office of public trust. Each count constitutes a separate offense and Senator Burton could receive a penitentiary sentence of two years or a \$10,000 fine on each count. Senator Burton's action is the first under this section of the statute which was enacted by Congress in 1864.

SEAT MAY BE VACATED.

Kansas City, March 28.—A special to the Star from Topeka, Kan., says:

Lawyers who are close to Gov. Bailey regard the conviction of Senator Burton as an immediate vacation of his seat and the contest for the place will, it is believed, commence at once.

A judgment against a man in a case of this kind," said an ex-justice of the Kansas supreme court today, "is regarded by the courts as a conviction in the meaning of the statutes, even though an appeal may be taken and the decision of the lower court subsequently reversed."

Gov. Bailey refuses to discuss the case.

Politicians close to the chief executive express the belief that the choice of Senator Burton's successor lies between Fourth Assistant Postmaster General Bristow of Salina, Kan., and Cyrus Leland, former Republican national committeeman from Kansas.

HOW SENATORS VIEW CASE.

Washington, March 28.—Members of the senate committee on privileges and elections have been discussing informally the conviction of Senator Burton but until the matter comes before the committee the members are loath to give their personal views. It will take a formal action by the senate to declare Burton's seat vacant and this will not be done until a court of last resort has passed on the case.

DEADLY ROBBERY.

Police are investigating the robbery of a young man whose name was not learned, reported to the police that a lady had been held up and robbed on Second East Street, between South Temple and First South streets, and that the robber had secured \$20 from his victim.
